

PRECISION BRAIN HEALTH

Enhanced Access Program | Pacific Neuroscience Institute

Welcome to the Precision Brain Health program where our team offers enhanced access to specialized services. Join us on a journey to optimal brain health. We're excited to support you.

BASIC PLAN

Clinical Practice

- Insurance-billed clinic (co-pays and deductibles apply).
- Standard availability for scheduling (eg. for Providence Health primary care patients referred for care).
- Communicate between visits by contacting our office staff at 310-582-7641 or myChart.

DELUXE PLAN*

Diagnostic Evaluation

Basic Plan, PLUS:

- Exclusive 6-month enrollment with priority scheduling by dedicated staff for a Brain Health Evaluation by neurologist **Dr. Verna Porter**, geriatrician **Dr. Scott Kaiser**, or psychiatrist **Dr. David Merrill**.
- Priority scheduling for up to 2 follow-up visits over 6 months with your selected provider.
- Standard availability for scheduling associated assessments (eg. memory testing at PNI, imaging at Tower Saint John's, labs through LabCorp) and additional appointments.
- Includes direct communication with your selected provider between visits (limit 1 contact per 2 business days) via mutually agreed upon means (eg. call back, email, etc.).
- Receive a detailed initial Diagnostic Evaluation Care Plan based on your history and biomarker data (eg. lab, imaging, genetic results).
- End of evaluation option to establish long-term clinical care at Brain Health (either BASIC or PRECISION PLAN).

PRECISION PLAN*

Ongoing Management

Basic Plan, PLUS:

- Exclusive annual enrollment with priority scheduling by

- dedicated staff for Brain Health appointments and communication with **Dr. Porter**, **Dr. Kaiser**, or **Dr. Merrill**.
- Includes direct communication with your selected providers (MD and NP) between visits (limit 1 contact per 2 business days) via mutually agreed upon means (eg. call back, email, etc.).
- Includes additional care and communication with **Mihae Kim, NP**, or **Claudia Wong, NP**.
- Receive a detailed ongoing Precision Brain Health Care Plan based on your history and biomarker data (eg. lab, imaging, genetic results).

PREMIER PLAN*

With Multi-disciplinary Wellness & Scientific Teams

Precision Plan, PLUS:

- An exclusive Scientific Case Review appointment with PBH program Senior Director **Dr. Dale Bredesen** and up to 2 priority follow-up visits over 12 months.
- A personalized Memory Consultation with Brain Wellness & Lifestyle Senior Director **Dr. Karen Miller**, crafting your customized Brain Wellness Care Plan and up to 2 priority follow-up visits over 12 months.
- Receive written recommendations from a multi-disciplinary team case review of your existing case data, offering personalized recommendations (team members based on provider availability).
- Priority scheduling by dedicated staff for Brain Wellness & Lifestyle sessions (brain health coaching, nutrition, and cognitive training).

*DELUXE, PRECISION, and PREMIER plans include dedicated staff members specifically assigned to streamline your scheduling process.

PACIFIC NEUROSCIENCE INSTITUTE

Pacific Neuroscience Institute®, founded in 2015 by Daniel F. Kelly, MD, Chester F. Griffiths, MD, Howard R. Krauss, MD, and Santosh Kesari, MD, PhD, and partnered with Providence Health & Services, is ranked among the top neurology and neurosurgery programs in the nation.

With 10 Centers of Excellence, PNI is a unique medical institute in which subspecialists across multiple disciplines work collaboratively under one roof to diagnose and treat a wide spectrum of neurological and neurosurgical conditions, promote brain health, advance novel care paradigms through clinical trials, and conduct neuroscience training, and community outreach.

Pacific Brain Health Center was established as a PNI Center of Excellence in 2018 with the specific mission of advancing novel approaches to diagnose memory and cognitive decline. This Precision Brain Health program is the latest addition to our unique portfolio of PNI services.
